

Grades

Grades are entered by teachers in eProto system. When grades are confirmed by teachers, they are sent to the deanery system and only then they are used to calculate grades average and ECTS points, and the semester can be marked as passed. Grades are **cached for 24 hours. Remember, that information about your grades is also sent to your mailbox.**

Semester 5 – 2021/22 winter ▼

Semester details

Grades average	Information will be available when all grades will be sent from eProto system to deanery system.
ECTS points earned	Information will be available when all grades will be sent from eProto system to deanery system.
Semester pass date	

Below are courses in selected semester. Course teacher will be displayed only when grade is available. Repeated courses will be displayed in the semester with original course.

Grades in the semester

Course	ECTS	Type	Teacher	Grades
Control of electric driver	0/2	laboratory classes	mgr inż. Bartłomiej Wicher	First try: 5,0 eProto
Control theory of the continuous and discrete events processes	0/1	lecture	prof. dr hab. inż. Andrzej Kasiński	
Devices of automation and actuators	5/5	lecture	dr inż. Stanisław Gardecki	First try: 5,0
		laboratory classes	mgr inż. Adam Bondyra	First try: 5,0
Elective course I	0/5	laboratory classes		
Electronical and electrical circuits designing	2/2	lecture	mgr inż. Adam Bondyra	First try: 4,0

Course	ECTS	Type	Teacher	Grades
		project	mgr inż. Adam Bondyra	First try: 3,5
Microprocessors systems	5/5	lecture	dr inż. Dominik Łuczak	First try: 4,0
		laboratory classes	mgr inż. Adrian Wójcik	
Robotics	5/5	lecture	dr inż. Jarosław Warczyński	First try: 3,5
		classes	dr inż. Jarosław Warczyński	First try: 4,0
Robot Programming and Task Planning	0/5	lecture	dr hab. inż. Paweł Drapikowski	First try: 5,0
System identification	0/5	lecture	dr inż. Joanna Ziętkiewicz	Second try: 4,5 eProto
		laboratory classes	dr inż. Joanna Ziętkiewicz	First try: 3,0
